

TORONTO 150TH ANNIVERSARY EVENT

The first Canadian SOF Supper in 150 years was held on a warm, dry July 3rd evening at the Queen & Beaver Public House (<http://queenandbeaverpub.ca/about-us/>) in Toronto, Canada.

Julian Bayley (S50-53) of www.iceculture.com fame was the first to arrive after a 205km drive in from Western Ontario. Old friends 'canoeist' **Patrick Vincent (R47-51)** and **Brian Mayhew (R46-52)** spritely sauntered in shortly after and joined hotelier/organiser **David McMillan (K54-58)** and some in-depth reminiscing and serious name searching ensued. Brian's return from the UK only 72 hours earlier and an 85 km drive-in spoke volumes. Common denominator names included memorable masters Haig, Bailey and Borrett with many crossover student names dug up from the early and late 50s.

Fifty percent of the SOF's attending were sporting bright, drip-free OF ties from start to finish and despite the consumption of reasonable quantities of Fuller's London Pride, all were upright as they strode out into the night with multiple memories re-awakened.
