STATEMENT OF PUBLIC BENEFIT

The Trustees in carrying out their charitable duties have had regard to the Charity Commission's public benefit guidance.

REVIEW OF THE YEAR

Early in the year Tim Mitchell retired as a Trustee after 3 years excellent service and was replaced by Peter Howard-Dobson as a Trustee on a 4 year appointment. With John Ellerby becoming SOF President he decided to relinquish the role of Chair and Chris Essex was appointed in his place.

The Fowler Pavilion was officially opened in October 2017 following the donation of £500,000 to the College in late 2016. An additional £3,000 grant was made by the Trustees towards to the cost of the excellent Fowler display in this building, which was designed and configured by Chris Keeble and based on Peter Howard-Dobson's narrative.

Following the change last year to the objects of the charity, whereby the Trustees are now able to undertake any charitable activity in keeping with its stated aims, income received by the SOF Charitable Trust has been treated as unrestricted income rather than restricted income. The change gives the Trustees greater flexibility in their use of funds received. Further changes were made to the Deed to correct various typographical errors and to ensure that the Trustees of the Society and Charity were more closely aligned.

Accounts

The Statement of Financial Activities (**SOFA**), which last year looked so alarming with a deficit of £175,036 due to the Fowler donation to the College, has this year seen a return to the usual pattern of expenditure. Nevertheless, a deficit of £3,068 before gains was incurred. This arose from the inclusion of a new cost, the *'Concessionary Loan Finance Charge'* of £5,225. Last year the SOFA was credited with £189,553, which was the deemed benefit of paying the loan back in currency subject to inflation; this figure has to be written back in the SOFA over the period of the loan and the charge for this year is £5,225. The gains made on the investments, some £7,797, resulted in there being an overall surplus of £4,729 for the year, which helpped reduce the overall deficit from £20,889 to £16,160. The deficit is covered by the interest free, long term loan from the Society of Old Framlinghamians (**SOF**) so the Trustees have no concern for the future of the charity. The Trustees decided not to make any loan repayments in the year in order to help reduce the deficit.

The Trustees wish to thank all those members who completed gift aid declarations during the year as this enabled them to claim additional funds from HMRC and assisted in raising member donations from £4,730 to £5,521.

The restructuring of our investments last year helped improve the dividend income this year which was up slightly from £4,062 to £4,227.

The Balance Sheet remains skewed by the loan. Reserves are considered adequate for the level of activity currently undertaken.

REVIEW OF THE YEAR – continued

Investments

These have once again been managed by Investec and the value of our investments has risen to £142,371. The total return achieved by Investec was 8.2% over the last year. Investec had held a slightly overweight position in overseas equities and a slightly underweight position on UK equities and fixed income.
The Trustees have also taken the opportunity to review and update the Investment Policy Statement, though these changes were generally in relation to the reference to specific types of funds and the underlying investment management criteria remain unchanged.

Grants and Awards

Grants and awards totalled £19,289 during 2017. In addition to the OF Prizes described in more detail below, the Charity gave financial assistance for two current pupils to go on a Hockey tour to South Africa in April 2018, and supported another on a place on the National Schools Symphony course. Former student Kimberley Pope was given financial assistance to go on her first international shooting tour to Barbados and Guyana, representing Ireland, and Luke Quartermaine was given a grant towards hockey goalkeeping kit for use in playing for his University.

The Trustees also decided, with the support of the Bromage family, to enhance and promote the Bromage Memorial Fund, established as a memorial to Ventura and Neville Bromage. This was achieved by amending the terms of the Bromage Prize Fund so that all future sports related grants could be given in the name of this fund.

Other grants included money for plaques at Lochnagar Crater specifically to honour five OFs and one College master killed at the Battle of the Somme but whose bodies were never found.

As in recent years the bulk of the individual awards were prizes. The charity now provides the following:

- 15 prizes paying £50 at Year 11
- 15 prizes paying £100 at Year 13, followed by £100 in the following 2 years and a final payment of £150 3 years after leaving
- 2 Albert awards paying £100 in Year 13 followed by £150 in the following 2 years and a final payment of £200 3 years after leaving

Where the award consists of more than one payment, the subsequent instalments are contingent upon the recipients demonstrating a continuing commitment to the Society after leaving the College.

Trustees' Report - continued

Grants and Awards - continued

All these awards are in addition to those given for 2 Moreau scholarships of £1,000 per annum for 3 years, making £6,000 in total per annum.

Once again the Charity supported the popular careers event in London and it looks set to become a regular feature of the student calendar.

Rules and Policies

The Trustees review the charity's policies, procedures and objectives on a regular basis and implement any changes found necessary to comply with current legislation or improve the work of the charity.

STATEMENT OF TRUSTEES' RESPONSIBILITES

Charity law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Society and the results for the period. In preparing the financial statements the Trustees are required to :

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue.

The Trustees are responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Society.

The Trustees acknowledge their responsibility to take due care of the funds under their stewardship. They have established in conjunction with their Investment Advisers a broad strategy for keeping the balance between capital growth and income.

1 ACCOUNTING POLICIES

Basis of accounting

The Society of Old Framlinghamians Charitable Trust was created by a Trust Deed dated the 3rd June 2014 and registered in England and Wales under the Charities Act 1990 (Registered Number 1158435). The registered office is 12 Woodditton Road, Newmarket, Suffolk, CB8 9BQ.

The accounts have been prepared in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ("FRS 102"), "Accounting and Reporting by Charities" the Statement of Recommended Practice for charities applying FRS 102, the Charities Act 2011 and UK Generally Accepted Accounting Practice as it applies from 1 January 2015. The charity is a Public Benefit Entity as defined by FRS 102.

The charity is a 'Small Charity' as defined by the Charity Commission and the Trustees have taken advantage of the limited reporting requirements.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

The Trustees are responsible for seven other charitable funds which have a connection with the Society of Old Framlinghamians and which were linked on the 17th December 2014 to this registered charity by the Charity Commission. These accounts present the combined position of the various funds.

Preparation of the accounts on a going concern basis

The Balance Sheet was overdrawn last year and is also overdrawn this year by £16,160 (2016: £20,889). This is mainly due to the large creditor falling due after more than one year, being a loan from the Society of Old Framlinghamians of £179,412 (2016: £174,187). As the loan agreement between the Society of Old Framlinghamians and the Charity is flexible in terms of repayments and length, the Trustees consider it appropriate for the accounts to be prepared on a going concern basis. Also, the Charity has significant endowment funds which could be converted to income if the charity did not have sufficient restricted income funds to meet their charitable expenditure. The Trustees would only commit to charitable expenditure if there were sufficient funds and therefore the accounts are prepared on a going concern basis.

ACCOUNTING POLICIES - continued

Funds Structure

Unrestricted funds are general funds that are available for use at the trustees' discretion in the furtherance of any of the objectives of the charities.

Designated funds are unrestricted funds which the trustees have decided to set aside for a specific purpose.

Restricted funds are funds for use in a particular area or for specific purposes as specified by the donor or trust deed. These form the greater part of the charity's funds. Restricted funds can be either income or endowment (capital) funds; the latter can be expendable or permanent.

Trust law requires the Trustees to invest the assets of endowment funds. However, if the fund is expendable, the capital can be spent if the Trustees so determine.

Donations are given to support one or more of the charity's aims; those given to a fund other than the SOF Charitable Fund are treated as restricted income upon receipt unless the donor specifically indicates that it should be treated as endowment; donations to the SOF Charitable Fund are treated as unrestricted income following a change in the charity's objects. If not required to cover immediate or imminent expenditure the money may be transferred to expendable endowment and invested to generate future income for a particular fund. Investment income is therefore treated in a similar manner; namely, as unrestricted income for the SOF Charitable Fund and restricted income for the other funds.

Recognition of Income

Investment income is recognised on a receivable basis.

Donations are recognised when received and if made under gift aid are recorded inclusive of the tax recoverable.

Legacies are accounted for on a receivable basis when the following conditions for their receipt have been met:

- the final estate accounts have been approved
- the legacy is capable of measurement and
- there is no reversionary interest

Where the recognition criteria of legacies is not met ie entitlement, certainty and measurement then legacies are not provided for within the accounts but noted as a contingent asset.

Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise of investment management fees.
- Expenditure on charitable activities includes prizes and awards donated to pupils of the College and donations to the college undertaken to further the purposes of the charity and their associated support costs.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

Investments

Investments are stated at market value. Any gain or loss on revaluation is taken to the Statement of Financial Activities.

From the 1st January 2015 the trustees have pooled the investments of the individual funds into a single investment fund in order to obtain efficiencies in the management of the investments and to allow the smaller funds to access a wider range of investments.

Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

The trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Borrowings and Concessionary Loans

Borrowings including concessionary loans are initially recognised at the fair value of the proceeds and are subsequently amortised under the effective interest rate method through the Statement of Financial Activities (**SOFA**) as interest over the life of the loan, and which is added to the liability disclosed in the balance sheet. The benefit of repaying the loan in currency subject to inflation is calculated and credited to the SOFA as finance income.

No borrowings are shown as current liabilities as the charity has an unconditional right to defer settlement for at least 12 months after the balance sheet date.

Taxation

VAT is not recoverable and is charged to the expenditure to which it relates.

Tax recovered under gift aid is recognised when the donation is received and allocated to the income category to which the donation relates.

2 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The Charity was provided in 2016 with a 25 year, interest free, unsecured loan facility of £500,000 by the Society of Old Framlinghamians to enable it to make an immediate grant to Framlingham College for the building of a new sports pavilion, but only £363,740 of the facility was used. Because the loan is interest free, it is classed as a concessionary loan and has been shown in the Balance Sheet at fair value, which is the net present value of the closing loan balance discounted at 3%. The difference of £189,553 was deemed to be the benefit of repaying the loan in currency subject to inflation and was credited to the SOFA as finance income. Each year part of this credit is written back in the SOFA as a finance charge and added to the loan balance above. This year the charge was £5,225. The balance on an amortised cost basis is £363,740 (2016 £363,740).

No borrowings are shown as current liabilities as the Charity has an unconditional right to defer settlement for at least 12 months after the balance sheet date.

The deficit on the SOF Charitable Trust arose from a donation of £500,000 to Framlingham College in 2016 for their new sports pavilion. The donation would not have been possible in its entirety without the generous support of the Society of Old Framlinghamians, who made good the shortfall in our funds by giving the charity a twenty five year, interest free loan. As the deficit on this fund exceeds the assets of the remaining funds, the charity has an overall deficit of £16,160. The Trustees wish to reiterate that the deficit is covered by the long term loan from the Society of Old Framlinghamians and to point out that the deficit on the SOF Charitable Fund will have no effect on the administration of the other funds. It is the Trustees intention to repay the loan from future donations. That income can fluctuate from year to year is acknowledged in the loan agreement, which permits annual repayments to be varied depending on the level of income in the year, with the loan period extendable at no additional cost if required.

14 FUTURE COMMITMENTS

MOREAU SCHOLARSHIPS

The Trustees agreed in 2004 to set up a maximum of two Moreau scholarships per year from 2006. Each scholarship was originally set up to run for three years at a level of £800 per year. However, in 2015 the award was increased to £1,000 per year. There is, therefore, a future commitment to pay £4,000 in 2018 and £2,000 in 2019 for awards already made, provided award conditions are met.

BROMAGE SCHOLARSHIP FUND

Provided all the conditions are met, the Trustees have a future commitment to pay the second tranche of the Bromage Scholarship of £250 in 2018.

OF PRIZES

Provided all the conditions are met, the Trustees have a future commitment to pay future tranches of the OF Prizes amounting to £6,650 in 2018, £4,450 in 2019 and £2,650 in 2020 for awards already made.

15 TRUSTEES' REMUNERATION AND EXPENSES

The trustees are not remunerated. They are entitled to be paid expenses for attending meetings and duties directly relating to their duties as trustees. In 2017 no trustee was paid (2016: £nil) for travel and other expenses.

16 RELATED PARTY TRANSACTIONS

An award of £3,000 (2016: £505,000) was made during the year to Framlingham College of which two trustees, Mr. J. Ellerby and Mr. P. Howard-Dobson, are governors. The £3,000 was given as a contribution towards the new OF display cabinets in the Fowler Pavilion.

A loan was granted to the charity in 2016 by the Society of Old Framlinghamians, which has trustees in common with the charity. Details of this are disclosed on Note 9.

17 INDEPENDENT EXAMINER'S FEE

Under the terms of the 2014 agreement between the Society and the College, the cost of the examination of these accounts is met by the College, for which the Trustees record their appreciation. The total amount of this is £2,540 (2016: £2,690).
