

Audi Innovation Awards 2006

During the Summer term, Mr Cullum and Miss Thomson took 20 Design and Technology pupils from Years 6, 7 and 8 to the Audi dealers in Ipswich to attend the Regional Final of the Audi Innovation Awards 2006 - a national competition attracting over 4000 entries. On arrival we discovered we made up 75% of the semi-finalists for East Anglia! In order to get there each pupil had beaten 157 other entrants! The pupils should all be very proud of doing so well in such a prestigious competition.
